

# Things I've Learned

## **BOARD BUDDIES**

Using React.js, Redux, JSX and integrating libraries

Sass

Efficient/non-efficient ways of using Github

## **A MINUES**

Building custom theme in Wordpress

Setting up a server and hosting

Deploying with Git

## **VANARTS RADIO**

Converting a Term 3 website into a wordpress theme

## **IN GENERAL**

I always find bugs

Deploying takes time

Eslint is my BFF

JavaScript is fun
